

WISE assists women and children in extreme poverty to transform their lives through the **power of education.**

Making a Difference When it Matters Most

With your support, we:

- Provide educational scholarships to at-risk youth; 75% are awarded to girls
- Expect and inspire all recipients to **give back**
- Promote **no ceilings**, enabling students to reach the peak of their dreams and abilities
- Build and upgrade rural educational facilities and resources
- Create economic self-sufficiency through agricultural, vocational, and educational training programs

WISE has already transformed hundreds of lives, and we hope to reach thousands more with your support. Visit wisezambia.org to learn more.
